In the Specification:

Please amend the paragraph beginning on page 5, line 20, and ending on line 27, as follows:

An example of a type of gyroscope suitable for use in conjunction with the present invention is the Gyropoint product commercially available from Gyration Inc., <http://www.gyration.com>. One or more gyroscopes of this type, or other type of orientation determination device, can be implemented within the hand-held device 100 in a straightforward manner so as to allow the device to determine the manner in which the device is rotated relative to a given initialization position.
